November 10, 2017

Register at  
[www.neahec.org/fdc](http://www.neahec.org/fdc)

Center for Health, Education & Research  
316 West 2<sup>nd</sup> Street,  
Morehead, KY

This *free* activity is intended for physicians and other interested health care professionals. For more information contact KaSandra Hensley at 606.783.6830 or [kasandra.hensley@neahec.org](mailto:kasandra.hensley@neahec.org).

**Disclaimer**

The Northeast Kentucky Area Health Education Center presents this activity for educational purposes only. Participants are expected to utilize their own expertise and judgment while engaged in the practice of medicine. The content of the presentation is provided solely by presenters who have been selected for presentations because of recognized expertise in their field.

**Faculty Disclosure**

All planners, speakers, authors, reviewers, and staff members involved with content development for continuing education activities sponsored by the Northeast Kentucky Area Health Education Center are expected to disclose any real or perceived conflict of interest related to the content of the activity. Detailed disclosures will be included in participant materials or given prior to the start of the activity. All individuals involved disclosed that they have nothing to disclose.

**Continuing Medical Education**

This activity has been planned and implemented in accordance with the accreditation requirements and policies

of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Northeast Kentucky AHEC and the University of Kentucky Rural Physician Leadership Program. The Northeast Kentucky AHEC is accredited by the KMA to provide continuing medical education for physicians. The Northeast Kentucky AHEC designates this live activity for a maximum of 3.5 *AMA PRA Category 1 Credits*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Successful Completion**

For successful completion of this continuing education program, participants must sign appropriate attendance roster, be present for the duration of the program, and complete and return the online evaluation within 7 days. A statement of credit will be issued within two weeks following completion of all required documentation.

**Disability Statement**

If you require special services for this program, please indicate at time of registration or call 606.783.6830.

**Chris Feddock, MD**

Dr. Christopher Feddock received his medical degree from the University of Kentucky College of Medicine in Lexington. He then completed a pediatric internal medicine residency program and a medical education fellowship at the University of Kentucky. Dr. Feddock is board certified by the American Board of Internal Medicine and the American Board of Pediatrics and is currently a Fellow of the American Academy of Pediatrics and the American College of Physicians. As associate dean for curriculum, Dr. Feddock has overseen the successful revision of the College of Medicine curriculum. He is currently an associate professor of Internal Medicine and Pediatrics and senior associate dean for Medical Student Education. His clinical interests include primary care general medicine and general pediatrics.

**John Ragsdale, MD, MS**

Dr. John Ragsdale graduated from Jefferson Medical College in Philadelphia, PA. He completed a combined Internal Medicine-Pediatrics residency at UK, followed by a Master of Science in Medical Education at the University of Pittsburgh. He returned to UK as faculty in 2013 and currently serves as the Assistant Dean for Clinical Education, overseeing the 3rd- and 4th-year medical student curriculum. He is also an Associate Program Director in the Internal Medicine residency program. He has given multiple workshops at national meetings on various topics in medical education and faculty development.

**Robert Rogers, MD**

Dr. Rob Rogers is a professor of Emergency Medicine and Vice Chair for Faculty Development at the University of Kentucky College of Medicine in the Department of Emergency Medicine. He's the founder and chief imagination officer of Medutopia, a medical education company that creates innovative courses that teach educators how to be highly effective learning choreographers.

**Rebecca Todd, MD**

Dr. Rebecca Todd has been a faculty member in the UKCOM Department of Ob/Gyn since 2012. She became the Site Director for the Ob/Gyn Rotations in the Rural Physician Leadership Program in 2014 and recently assumed a new position as Curriculum Director of RPLP. She has practiced general obstetrics and gynecology in Morehead, Kentucky for the past five years with a special interest in contraception. Dr. Todd obtained an undergraduate degree in biology at Transylvania University in Lexington, Kentucky. She then attended the University of Louisville School of Medicine and completed a residency in Obstetrics and Gynecology at the University of South Florida in Tampa. She is
